Tackling Uranium in the Environment: Current Characterization and Remediation Practices

Florida International University (FIU) is conducting a series of D&D Tech Talks focusing on D&D topics relevant to the DOE EM Complex. On August 18, 2026, FIU will collaborate with Pacific Northwest National Laboratory (PNNL) to feature a Tech Talk with Dr. Hilary Emerson and Dr. Jim Szecsody titled “Tackling Uranium in the Environment: Current Characterization and Remediation Practices”.

Join us for this informative session presented by FIU-ARC. This virtual event will be held on the KM-IT platform.
