TECH TALK ON KM-IT PLATFORM

JANUARY 18, 2022 @ 2-3 PM

Crack Detection and Localization Using Deep Learning Techniques

Florida International University (FIU) is conducting a series of D&D Tech Talks focusing on several D&D topics relevant to the DOE EM Complex. On January 18, 2022, FIU will feature a Tech Talk from DOE Fellow Roger Boza on his research performed at FIU's Applied Research Center under DOE cooperative agreement focusing on using deep learning techniques to detect infrastructure crack at DOE facilities.

Join us for this informative talk with leading scientist working on this project. This is a virtual event that will be held at D&D KM-IT platform.
