TECH TALK ON KM-IT PLATFORM

OCTOBER 17, 2024 @ 2 PM

Significance of Resilient Analytics in Achieving the Energy Resilience of Microgrids

Florida International University (FIU) is conducting a series of D&D Tech Talks focusing on D&D topics relevant to the DOE EM Complex. On October 17th, 2024, FIU will collaborate with Oak Ridge National Laboratory (ORNL) to feature a Tech Talk from Aditya Sundararajan titled "Significance of Resilient Analytics in Achieving the Energy Resilience of Microgrids". This talk will discuss the value of resilience in microgrid analytics to ensure we meet the operational objectives of energy resilience and security.

Join us for this informative session presented by FIU-ARC. This virtual event will be held on the KM-IT platform.
